
On-Demand Webinars

Now Available!

Thanks to a new partnerships between WMHCA and ConstantEdu

ConstantEdu

WMHCA is pleased to announce a project that has been in the works for sometime. We have partnered with ConstantEdu to offer on demand courses. ConstantEdu is an online learning platform based in Washington. It offers flexibly in continuing education and promotes highly qualified presenters. WMHCA is very excited about this partnership and excited to offer our members ConstantEdu courses at a discount.

You can get to our courses at ConstantEdu through our [website](#). You can also access courses directly through the ConstantEdu [site](#).

WMHCA will continue to work towards building our online offerings. We plan to record many of our live courses to be able to offer them at ConstantEdu. This format allows flexibility when you complete your continuation education credits. Our courses through ConstantEdu are heavily discounted for our members. If you are not a member you can sign up [here](#). Please reach out to shannon@wmhca.org if you have any questions.
